Prague University of Economics and Business (VŠE) is the biggest public university of economics in the Czech Republic. VŠE has six faculties offering applicants a broad spectrum of study fields and branches in Bachelor's, Master's and Doctoral degree study programs. Five faculties are located in the center of Prague – **the Faculty of Finance and Accounting, the Faculty of International Relations, the Faculty of Business Administration, the Faculty of Informatics and Statistics and the Faculty of Economics. The Faculty of Management is located in the town of Jindřichův Hradec.** Studies at VŠE meet the requirements of the European Credit Transfer and Accumulation System (ECTS).

The university is highly appraised both in the Czech Republic and abroad. VŠE has been certified with the **“ECTS label”** and **“DS Label”** by the European Commission thanks to correct implementation of the credit system. Both certificates confirm the credibility of VŠE in terms of partnerships with universities abroad. VŠE is ranked by the **Financial Times** annually and has already been appraised for several years by the **Eduniversal Ranking** project as one of the best “business schools” in Central and Eastern Europe.

Currently, VŠE does have **about 20.000 students** and more than 700 academic staff. Two thirds of VŠE teachers hold doctoral degrees in their field.

Graduates of the VŠE occupy important positions in the private, as well as in the public sector. Most of them go to different branches of industry and services, business, marketing, banking, public management, accounting, auditing, tourist trade, and to the field of information technologies.

The VŠE's **honourable title of *doctor oeconomiae honoris causa*** has been awarded to many important Czech and international economists, e.g. the Nobel Prize laureates Prof. Gary S. Becker, Prof. Dr. Douglass North, Prof. Milton Friedman or Prof. Robert A. Mundell.

Each semester approx. **500 international students** from all over the world study at VŠE in non-degree and degree programmes. As for the **degree programmes**, VŠE offers to international students several **master (double/joint) degree programmes** taught completely **in English** and many **doctoral programmes in English**. As for the **Exchange Programme**, VŠE does have more than **200 partners** worldwide.

All **Exchange Students** do study in the one of the three university campuses which is situated near to the centre of Prague. The courses offered within the Exchange Programme Study Plan are taught by professors from different faculties and departments of the school. Moreover, special **intensive courses** taught by **international visiting professors** enrich the academic offer.
